

# Getting Started with ClientLink™

Meet the Future of Project Collaboration.

**ClientLink™**

## What Is ClientLink?

ClientLink is a revolutionary new way to keep up-to-date with your construction projects. You can communicate directly with your builder, view the latest project photos and files, approve change orders, view selections, and much more. Miscommunications will be a thing of the past, ensuring your projects stay on course and on time.

## Your ClientLink™ Account Includes:

### Latest Page

See the most up-to-date activity going on in your project, including upcoming events, meetings, deadlines and more.

### Messaging

Keep the dialog going with easy-to-use messaging. You can even attach files and photos to your messages, making miscommunication a thing of the past.

### Project Files

You can download and upload any project documents and files here. There's also a private area for files only you and your builder can see.

### Project Photos

See the latest progress going on in your project with easy to navigate photo galleries.

### Calendars

You'll always know what's coming up with powerful project calendars. Includes Day, Week, and Month views.

### Change Orders

Quickly review and approve change orders. You can also view a summary of any added time and cost.

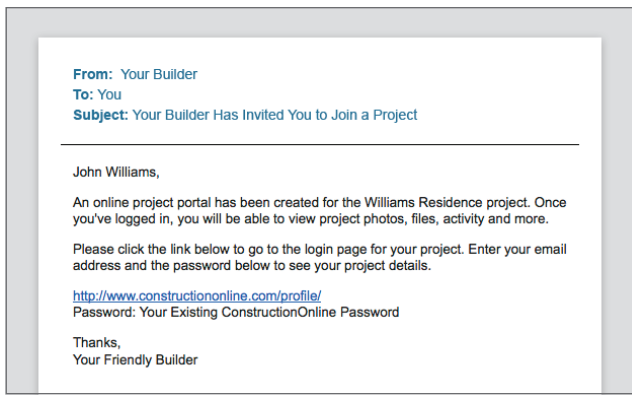

### Selections

Take your pick with selections. View big, bold images, see product descriptions, added costs, recommended vendors and more.

## How to Access Your ClientLink™ Account:

- 1 You'll receive an email invitation from your builder. Click the link in the email to go to your builder's login page.
- 2 Enter your email address and password to login. If you are already a ConstructionOnline user, you will enter your existing password.

- 3 The "Latest Activity" page will be displayed. You can see the latest project activity here, or navigate to different project areas by clicking the buttons at the top.

### Williams Residence - Latest Activity

Today | This Week | Next 2 Weeks
